

Williams Creek Owners Association

Call for Volunteers!!!

Major efforts are underway by the WCOA Board of Directors to maintain and enhance the neighborhood. This includes improving communications between the community and the Board through activities of newly established Phase Captains, landscaping at all Williams Creek entrances, as well as routine WCOA housekeeping that regularly involves the Architectural Control Committee. We are seeking assistance for the benefit of our neighborhood and welcome your active participation in these important groups. Volunteers are sought for WCOA in the following areas:

- Architectural Control Committee
- Landscape Committee
- Phase Captains

As discussed at the annual homeowners meeting in January, we plan to begin a process to consolidate the Declaration of Covenants, Conditions and Restrictions ("[Covenants](#)") for each Williams Creek Phase into a single document. This will be a major undertaking and you are encouraged to get involved.

Please let us hear from you!

Thank you.
